THE CANE GROWERS' QUARTERLY BULLETIN

VOLUME XIX

CONTENTS

	Page
The Study of Ratoon Development, by Norman J. King	3
Seedling Plot at Bartle Frere, by J. H. Buzacott	5
High Sulphate of Ammonia Mixtures—A Cause of Germination Failures in The Herbert River District, by O. W. D. Myatt	7
Hot Water Treatment Against Ratoon Stunting Disease, by J. R. Pollock	8
A New Stubble Shaver, by A. Matthews	10
A New Ratooning Tool for Sugar Cane, by Carlos Locsin	11
Clustered Stool	12
Erosion Control With Legumes, by H. G. Knust	13
A Boom Spray Outfit, by C. A. Rehbein	14
Staff Appointments and Promotions	16
A Domestic Solar Water-Heating System, by G. Bates ..	21
Some Recent Developments in the Study of Ratoon Stunting Disease, by C. G. Hughes	27
Mechanical Harvesting and Co-operative Ownership, by C. G. Story	28
Poor Patches in Cane Fields, by G. Bates	33
Random Gleanings	34
Weed Control in Irrigation Channels, by I. T. Freshwater and R. B. Moller	39
Soil Conditioner Trials at Bundaberg, by N. McD. Smith	41
Sugar Experiment Stations Board Meeting	42
Mr. King to Visit Philippines	42
Chlorotic Streak Control In Mauritius, by J. H. Buzacott	43
The Economic Use of Fertilizers, by L. G. Vallance ..	44
Forecast of Approved Varieties for 1956	45
Early Relics of the Sugar Industry in Mauritius, by J. H. Buzacott	46

	Page
An Oil Change Indicator for Tractors	47
Bound Copies of Quarterly Bulletin	47
Weed Succession in North Queensland, by J. H. Buzacott	48
Weeds to Control Weeds, by J. H. Buzacott	52
Pictorial Section	53-56
Cutter-Dip-Planter, by H. G. Knust	57
Ratooning in the Lower Burdekin, by Norman J. King	58
Bagasse as a Soil Improver	59
Cane Varieties as a Solution to a Harvesting Problem, by Norman J. King	60
Ratoon Stunting Disease	62
The Varietal Picture in the Mackay District, by Norman J. King	63
Soils of the Cooktown Area	64
Random Gleanings	65
Temperatures Inside Containers in Hot-Water Treatment Tanks, by G. Wilson	67
A Cane Truck Trailer, by H. G. Knust	75
The Implications of Restriction in the Sugar Industry, by Norman J. King	77
A New Fertilizer Compound	79
Two Useful Grubber Adaptations, by C. L. Toohey	80
Coral Lime in Mauritius, by J. H. Buzacott	82
Erect Varieties for Better Profits, by Norman J. King	83
Progress in the Development of Varieties for Rich Land, by J. H. Buzacott	84
New Seedling Sub-Station at Innisfail, by Norman J. King	86
Planting Cane In Hawaii	87
Nitrogen is Important, by L. G. Vallance	93
Flood Damage in the Maryborough Area, by N. McD. Smith and C. A. Rehbein	94
Cane Breeding in Louisiana, U.S.A.	99
List of Varieties of Sugar Cane Approved for Planting, 1956	100
Approved Fodder Canes	101
Variety Trials at Ingham, by O. W. D. Myatt	102
Control of Ratoon Stunting Disease in Louisiana	103
Random Gleanings	104
Ratoon Failures at Bundaberg, by H. G. Knust	106
Control of Nut Grass by Maleic Hydrazide, by J. C. Skinner	107
Farm Fertilizer Trials—Results of the 1955 Season, by L. G. Vallance and K. C. Leverington	111
